Mining

At the Forefront of Mining Law in Canada and Around the World

Cassels Brock has distinguished itself in the vanguard of the mining industry, offering the largest and most experienced dedicated mining group of any major Canadian law firm. We are ranked as Tier 1 for mining law by *Chambers Canada*, which declares that Cassels Brock is:

“A front-line firm in the mining business.”

We represent a veritable who's who of mining and natural resources clients, representing two of the five largest North American gold producers as well as the largest Canadian gold producer in Brazil and all of the active investment banks in the sector. We have also become the go-to firm for juniors looking to grow into larger entities or position themselves for acquisition.

Our clients explore, build and operate mineral projects across the globe in gold, silver, copper, nickel, iron ore, uranium, and diamonds. They have engaged us to act on some of the most important deals in recent years involving mining projects in North, Central and South America, Africa, Australia, Europe and Asia.

Each year, we act on more than 100 of the most significant mining corporate finance M&A and corporate finance transactions around the world.

Our lawyers are revered not only for their exceptional proficiency in M&A and corporate finance but also for their contributions to thought leadership in connection with exploration, development, operations and regulatory issues, and are frequently tapped to write and speak on advancements in the industry and to work with prominent business and political leaders on groundbreaking industry matters.
